

## Words from words

This is like the game 'Boggle' except that the new words are made from a single word. The key word should be taken from recently-learnt vocabulary related to a particular topic.

### Method:

1. Teacher writes the key word on the board.
2. Students working in pairs or small groups are given a limited time to find as many words as possible from the key word.
3. Lower-level students may use a textbook or dictionary but students at Levels A2 and B1 should be encouraged to do the activity without any additional resources.
